

## 1 Overview

This Statement of Work (“SOW”), with any appendices included by reference, is part of any agreement which incorporates this document by reference.

### 1.1 Services Summary

The purpose of the SILVERSKY PCI Gap assessment is to identify potential gaps that may exist in Customer’s ongoing PCI compliance efforts. The assessment procedures are based on the latest PCI Data Security Standards (PCI-DSS) as updated by the PCI Security Council. This project will focus on Customer policies, procedures, practices, information technology (IT) environment and existing compliance efforts. SILVERSKY will document identified weaknesses and provide recommendations to help Customer enhance its security and compliance program.

#### Project Deliverables:

- Reports: Executive Summary and PCI GAP/Readiness Detailed Findings Report

### 1.2 Project Summary

SILVERSKY will provide the following primary tasks, subject to modification or extension based on the engagement.

1. Preparation and Scoping
2. Information Gathering/Discovery
3. Gap Analysis
4. Policy Analysis
5. Analysis and Reporting

## 2 Scope

### 2.1 SilverSky Obligations:

**Preparation and Scoping** - Meet with key personnel to discuss Customer’s operational and technical environment. During this initial conversation, SILVERSKY will determine the scope of Customer IT environment that falls under PCI oversight, including considerations for outsourced arrangements, network segmentation and third party processing providers. This preparation and scoping phase is used to:

- Set expectations regarding the project scope, objectives, activities and associated timetables over the course of the engagement
- Establish roles and responsibilities for both Customer and SILVERSKY teams
- Establish project management standards, including milestone meetings, status reports and ongoing communications with key personnel
- Facilitate collection of Customer specific information that is required to complete the gap assessment

**Information Gathering** - Review existing Customer documents related to PCI compliance and interview Customer personnel. SILVERSKY may require further interviews and documentation throughout the review process. Samples of requested documentation will include:

- Prior IT or Operation risk assessments
- Network diagrams
- Security and compliance training programs
- Information security policies and procedures
- Workforce training program documentation
- IT organizational charts

## SilverSky Proprietary

- Security software and hardware lists
- Interview schedules with key personnel

SILVERSKY will utilize the information gathered to better focus and streamline the client interviews. SILVERSKY will schedule a combination of group and individual interviews with personnel from various functional areas. The interview process will focus on the areas outlined in the final PCI-DSS security regulation.

**Gap Analysis** - Evaluate the in-scope processes, systems and applications against the requirements of the PCI-DSS security requirements. SILVERSKY will examine the security and control structure or related information systems and business processes that are involved in Customer's collection, use and disclosure of credit card data to determine their compliance. During this phase, SILVERSKY will:

- Assess how Customer uses, collects, and discloses credit card information throughout key business, technology infrastructure, relevant systems and business processes
- Interview key system and business stakeholders to identify current policies and practices related to credit card data
- Identify and assess information security risks within key functional areas associated with credit card data
- Understand current risk management techniques for addressing security and privacy risks
- Identify deficiencies and gaps in the security practices through targeted tests and control analysis
- Develop detailed recommendations to assist Customer's remediation of deficiencies

SILVERSKY will review these six domains for compliance with the PCI-DSS requirements:

### **Build and Maintain a Secure Network**

Requirement 1: Install and maintain a firewall configuration

Requirement 2: Do not use vendor-supplied defaults

### **Protect Cardholder Data**

Requirement 3: Protect stored cardholder data

Requirement 4: Encrypt transmission of cardholder data

### **Maintain a Vulnerability Management Program**

Requirement 5: Use and regularly update anti-virus software or programs

Requirement 6: Develop and maintain secure systems and applications

### **Implement Strong Access Control Measures**

Requirement 7: Restrict access to cardholder data by business need to know

Requirement 8: Assign a unique ID to each person with computer access

Requirement 9: Restrict physical access to cardholder data

### **Regularly Monitor and Test Networks**

Requirement 10: Track and monitor all access to network resources and cardholder data

Requirement 11: Regularly test security systems and processes

### **Maintain an Information Security Policy**

Requirement 12: Maintain a policy that addresses information security for all personnel

**PCI Security Policy and Procedures Review** - Review and audit Customer PCI security policies for compliance with PCI requirements and generally accepted industry practices. SILVERSKY will perform a gap analysis of existing Customer policies and procedures against PCI-DSS requirements to provide a suggested roadmap for compliance. SILVERSKY will present all findings during this review to allow for Customer's remediation of any missing documentation as early as possible. In addition, SILVERSKY will review Customer's process documents and plans for PCI-related requirements (e.g., software development, incident response, access request forms and termination checklists.)

**Analysis and Reporting** - Analyze the data generated from SILVERSKY' review. SILVERSKY will categorize the gap analysis by severity depending on the potential impact each gap may have with respect to compliance with PCI security standards. SILVERSKY will make recommendations to help Customer formulate a strategic plan to address any non-compliant areas.

## 2.2 Deliverables

SILVERSKY will provide an Executive Report and a Detailed Findings Report following its review.

The Executive Report is a high level summary of the review designed for Customer's upper management and board of directors and includes:

- 1 page executive summary
- Concise list of the key findings
- Summary of SILVERSKY' findings for each area reviewed during the review
- High level recommendations for addressing deficiencies

The Detailed Findings Report describes the review results in detail. It's designed for mid-level management, administrators and other operations personnel and includes:

- Itemized listing and description of the areas reviewed
- Identified deficiencies
- Overall risks associated with deficiencies
- Detailed recommendations for addressing deficiencies

## 2.3 Out of Scope

Any activity not explicitly included in this SOW is considered out of scope. In the event that Customer requests additional services, such services will be the subject of a change request.

# 3 Customer Obligations and Assumptions

Services, fees and work schedule are based upon the assumptions, representations and information supplied by Customer. Customer's fulfilment of these responsibilities is critical to the success of the engagement.

## 3.1 Customer Obligations

- **Project Liaison** - Designate an authorized representative to authorize completion of key project phases, assign resources and serve as project liaison
- **Access** - Ensure SILVERSKY consultants have access to key personnel and data requested
- **Resources** - Furnish SILVERSKY with Customer personnel, facilities, resources and information and perform tasks promptly
- **Cooperation** - Ensure all of Customer's employees and contractors cooperate fully with SILVERSKY and in a timely manner. SILVERSKY will advise Customer if an increased level of Customer participation is required in order for SILVERSKY to perform the Services under this SOW.
- **Documentation** - Timely deliver all documentation requested by SILVERSKY including Customer's security policies, network diagrams, server listings and procedures

## 3.2 SILVERSKY Assumptions

- Customer will provide SILVERSKY with reasonably requested information upon which SILVERSKY can rely to be current, accurate and complete.
- Customer will provide access to Customer's personnel who have detailed knowledge of Customer's security architecture, network architecture, computer environment and related infrastructure.
- Customer will provide access to Customer's personnel who have an understanding of Customer's security policies, regulations and requirements.

## SilverSky Proprietary

- Customer will evaluate SILVERSKY deliverables and immediately notify SILVERSKY of any perceived problems or issues with SILVERSKY obligations.
- SILVERSKY will immediately notify Customer of any perceived problems or issues regarding Customer obligations.
- Customer is responsible for any additional costs if SILVERSKY is unable to perform the Services due to Customer's delay or other failure to fulfill its obligations under this Statement of Work.

## 4 Project Parameters

### 4.1 Project Scope

The scope of the project is based on the above description with the additional details listed as follows:

Project Component	Parameter(s)
Project Start Date	Typically within 30 days of Effective Date
Project Duration	Approximately 3 weeks, subject to project variables
	<u>Consulting Days not to Exceed</u>
PCI Compliance GAP/Readiness Review - Tier 1	28
PCI Compliance GAP/Readiness Review - Tier 2	16
PCI Compliance GAP/Readiness Review - Tier 3	12
PCI Compliance GAP/Readiness Review - Tier 4	9
PCI Compliance GAP/Readiness Review - Tier 5	6

Pricing is based upon your Tier of service and you are not allowed to downgrade if the engagement last less than your maximum days set forth in the table above.

### 4.2 Location and Travel Reimbursement

The Services defined in this SOW may require on-site participation by SILVERSKY staff at Customer location(s). For Customer approved on-site participation, Customer will be invoiced for all actual SILVERSKY staff travel and living expenses associated with all on-site visits. An administration fee of ten percent (10%) of all travel and living expenses will be billed to Customer if Customer requires an itemized statement of such expenses.

Location	Scope of Work

### 4.3 Acceptance

Delivery of all stated project deliverables will constitute acceptance of services provided under this SOW.
